EXECUTIVE SUMMARY

I'm an early-career software developer with hands-on experience in web development, process automation, and API integration. My professional journey includes a role at Digital Distribution Group as a software developer and an internship focused on Robotic Process Automation (RPA). These experiences were complemented by continuous self-directed learning through platforms such as Udemy, The Odin Project, freeCodeCamp, Harvard CS50, and MDN Web Docs.

I'm a solution-oriented person who thrives in fast-paced environments. I'm organized, resilient under pressure, and motivated by the challenge of solving complex problems. I adapt quickly to new technologies and workflows, and I enjoy collaborating in dynamic teams.

I recently completed a Master's degree in Computer Science at the Technical University of Cluj-Napoca and am currently working on improving my German while continuing to advance my English proficiency.

I'm currently seeking junior roles in front-end, full-stack, or RPA development, as well as opportunities in software testing, ideally in environments that foster continuous learning, mentorship, and professional growth.

HARD SKILLS

Front-End Development:
HTML5, CSS3, SCSS, Bootstrap, Tailwind CSS, JavaScript, TypeScript, React; responsive & adaptive design
Back-End Development:
PHP (Symfony), Java (Spring Boot), Node.js, Python, C, C++, C#, RESTful APIs, Redis
Databases:
MySQL, PostgreSQL, MongoDB; ORM: Doctrine
DevOps & Tools:
Git (GitHub, GitLab, TortoiseGit), Docker, Jenkins, Cloudflare, Postman, Linux (CLI, Bash), VS Code, IntelliJ, Visual Studio, Virtualization (VirtualBox)
Testing & Debugging:
PHPUnit, JUnit, Symfony Profiler; unit, functional & mock testing
RPA & Automation:
Automation Anywhere, PowerApps; Microsoft 365 and external API integration
AI & Productivity Tools:
ChatGPT, Google Gemini, GitHub Copilot
Project Management & Collaboration:
Jira, Trello, Asana, Slack, Figma; Microsoft 365 Suite, Adobe Photoshop

WORK EXPERIENCE

Junior Software Developer   *12/2023 – 08/2025*
Digital Distribution Group

RPA Developer Intern   *07/2023 – 09/2023*
Automatify

EDUCATIONAL BACKGROUND

Technical University of Cluj-Napoca   *10/2023 – 07/2025*
Master's Degree in Computer Science Complements (CSC)

Front-End Web Development   *01/2022 – 05/2022*
Informal School of IT – Cluj-Napoca
